MIDTERM GRADE REPORT – MARCH 13, 2017

PERSONAL REPORTS

Personal grade reports have been uploaded to Collab. Each of you may view your own grades so far in the Grade Reports tab. You'll see two *actual scores* and three *projected scores*. The projected scores are extrapolations based on current performance, not a guarantee or limit on future (actual) grades.

Actual scores

Exam 1: A letter grade representing the average of your two essay scores.

Quizzes: A raw numerical score showing the points you've accumulated so far.

Projected scores

Quizzes (midterm projection): If the semester ended today, and all further quizzes canceled, this would be your quiz grade.

Participation (midterm projection): Based on Erin's determination. Discuss with her if you have any questions or concerns.

Course Grade (midterm projection): Stay on the same track, and this is where you'll be in May.
