100% Total

- 90% A
- 80% B
- 70% C

Assignments

To do on January 7-8; turn in and post by Jan 9, 2017

- 1) Visit a local “seafood market” and survey the local “fishery”. Are other sea-related products in the same store? Are any of these species threatened or, endangered? **Enter your findings on the Collab blog.**

Suggested seafood markets (others are ok) for the weekend

Whole Foods
Meadowbrook Grocery
Giant on Pantops
Reeds Market

Kroger Rio Hill
Foods of All Nations
Trader Joe's
Wegmans

2) One page information survey turned in Assigned Fishery.

To get you started:

Is it threatened or endangered? Is it held in captivity? How does it reproduce? How long does it live? Does it have economic values? Is it being grown in aquaculture situations?

3) One page information survey/ topics about the controversy to be covered in the debates on Friday January 13, 2017.

To get you started: Meet with your group.

What points of view exist on this controversy? Which one have you chosen? What topics do you envision you will address?

To do by January 13, 2017

- 1) **Using Collab Word Press blog, post items daily if possible (pictures, comments)**
- 2) **Final day short discussion:** Short power points on your FISHERY. Summary paper posted in COLLAB
- 3) **Final day discussion and debate:** Present your point of view on the controversy. Following your presentation, discuss with each other the points of view. Turn in final short paper on topic
- 4) **Oxygen laboratory as outlined; 2-3 pages as sufficient.**
- 5) 3-5 minute short video on Sustainable Fisheries topic of your choice. Please bounce idea off of Macko.
